

## Equality, Diversity and Inclusion Policy Statement

Auctus Workforce Solutions is committed to full compliance with the main duties of the Equality Act 2010.

The company is committed to eliminating discrimination and encouraging diversity amongst our workforce. We will always endeavour to promote equality and foster good relations between people.

Our aim is to attain a workforce that is representative of all sections of society and ensure that each employee feels respected and able to give their best in the workplace. In order to achieve this, we understand that to create the most productive, skilled and competent workforce you have to draw candidates from the widest pool of talent available regardless of age, disability, ethnic, national or other origin or background, colour, sex, sexual orientation, religion or belief – including non-religious belief, trans-gender status, pregnancy and maternity or marriage and civil partnership.

Our commitment to equality has been recognised by EQuality Assured who, after an approved audit, found that our equality and diversity practices comply with governmental regulations, and have entrenched these practices into our core business processes. This reinforces our commitment to ensuring and enhancing equality in the workplace.
